Unprecedented project from creators StarCraft, WarCraft and Diablo combines in itself increasingly better, that there is in the arsenal of role games, fighters and horrors. The enormous city, which got stuck between two realities, became the place of the epochal battle of people and demons. Peace here changes on the eyes, fantastic heroes transform weapon and equipment, magics are trained and they throw call thousands of improbable monsters. The Adas everywhere and to fall in it is possible even with the life! You are ready to be slain for your soul?

Biblical prophecies about the end of the light proved to be truth. The portal opened in the very center of London admitted to the earth the legions of the dark all, on that the shadow of satan fell, it was immersed into the eternal gloom, inhabitants became heartless corpses, and the city of Ry2; in the blazing ruins. The sun crimson clouds hid, and paradise remained only on the mosaic of those destroyed of khramov 80;Ostatki of those survived they carry on the bitter struggle with the terrible demons, and for you one must become the leader of resistance!

Special features of the game:

'shch8; Unique play process. Hellgate: London harmoniously combines in itself the depth of role games, the terrible atmosphere of the best films of horrors and the dynamics of sparkling fighters!

'shch8; Hero in the course of time changes! Develop your protagonist, improve his characteristics and train for habits useful in military science.

'shch8; New London. Misty of albion became the most mysterious and most dangerous place on the planet. The destroyed regions, the dark metro, desert streets, ancient cathedrals and remainders of the great buildings of the present with the head will immerse you into chaos of the last war of humanity.

'shch8; Changeable peace. Postapokalipticheskiy London Ry2; these are the inconstant, eternally changing territory evil! Each time, when you begin game, streets and caves they are added into the new figure.

'shch8; Unique hero. Create unique soldier, after selecting one of several classes. Each character possesses his own appearance, abilities and style of war!

'shch8; Variety of evil! In the game the most different enemies be sufficient: from the corpses to the powerful demons, the leaders of the armies of the dark each of them possesses unique possibilities and weapon!

'shch8; Create the army of good! You can to free streets from the evil together with the friends. Be united into the forces, master the tactics of command battle and leave towards the unforgettable battles! Download Free HellGate: London - PC Game
